

Shape dimensions

Specifacations

Product description:

Model-----RV17 - k2 categories: with the switch

USES-----ordinary

material-----carbon film

Performance---- small

resistance adjusting methods-----straight slide type

Resistance changes way-----linear

nominal value-----500 k

Rated power-----0.05W

sliding noise (W) ----- 3 (V)

Resolution: 10 (%)

zero resistance-----3 (Ω)

Contact resistance----- 2 (Ω)

insulation resistance----- 3 (M Ω)

Electrical characteristics

Value-----500 Ω ~1M Ω

All resistance tolerance-----+ / - 20%

Impedance characteristic style-----A, B,

Maximum working voltage-----AC 50 v, DC12V

Rated power----- 0.05 W

Noise----- Less than 50 mv

Insulation resistance-----wining 100 m Ω at DC 100 v

Withstand voltage-----1 minute at AC 250 V

Residual value-----Term. 1 ~ 2: Less than 100 Ω Term. 2 ~ 3: Less than 100 Ω

The durable performance

Rotating life-----10000 Cycles
